

# Pool Scouts of Huntsville Is Building Relationships

By Ron Hicks, Pool Scouts Of Huntsville

Your friends at Pool Scouts of Huntsville understand the importance of your family creating fun moments to remember. With that in mind, we consider ourselves your honorary lifeguard keeping your pools safe and ready for fun all year round. We want you to feel confident when you prepare to capture those precious moments with the kiddos at the back-to-school pool parties or those family fireworks displayed poolside. Pool Scouts of Huntsville understand that safety is always first. Here are a couple of things to assist you with a family fun pool kit:

1. Secure your pool with the appropriate barriers.
2. Designate a water watcher and stay within arm's reach of young children.
3. Install ant-entrapment drain covers and safety release systems to protect against drain entrapment.
4. If a child is missing, check the pool first.
5. Don't dive headfirst unless it's safe to dive.
6. Swim with a buddy
7. Ensure every member learns how to swim.
8. Practice water emergency plans

Pool Scouts of Huntsville partnered with Hope Floats Foundation to provide swimming lessons to equip our communities with tools to keep their families safe. During Water Safety Month, Pool Scouts of Huntsville raised over \$500 to support communities to practice safe swimming. We could not have done this without our community support. Thank you for allowing Pool Scouts of Huntsville to be the first choice in maintaining and keeping your pool safe.

You are in good hands with your friend at Pool Scouts of Huntsville; from our professionally trained technicians (Scouts) to best-in-class technology, Pool Scouts has weekly, biweekly, and monthly, and we can provide services all year around. Also, we provide pool repair services to prepare your pool for all those family memories. Contact your neighborhood Pool Scout of Huntsville Professionals at [www.poolscouts.com/huntsville](http://www.poolscouts.com/huntsville) and follow us at [www.facebook.com/poolscoutsofhuntsville](http://www.facebook.com/poolscoutsofhuntsville) to request a quote today.
